Why you should choose LM Wealth Partners

We aim to provide personalised and responsible advice suited to your objectives and believe that sound advice and planning is the key to improving your financial position.

We undertake continuous professional development and attend training programs so we are up to date with legislative changes to superannuation, insurance, investment, social security and tax environments.

We have access to technical, risk and investment research professionals who provide us with additional analysis on strategies and products that become available as a result of these changes.

Our financial advisers will help you determine your goals and weigh up different investment strategies to achieve them.

Most importantly, we turn your thoughts into action. There are no secret formulas for achieving financial security. We work with you to get the basics right and ensure you have a plan to achieve your goals over time.

Advice we can provide

Advice Evolution Pty Ltd maintains a broad approved list, containing investment and insurance products that have been researched by a number of external research houses as well as our in-house research team.

A copy of the approved product list can be given to you if requested. Please refer to your adviser's profile for a list of strategies and products they can recommend.

Transaction services

If you do not require advice from us, but you would like us to help you complete a particular transaction, we can also arrange for you to apply to the kinds of products referred to in your adviser’s profile. In these cases, we can take your instructions and arrange for the transaction to be completed without providing you with personal advice.

It is important to understand that in these circumstances we will generally ask you to confirm your instructions in writing and to sign a letter that acknowledges you have declined our offer of advice as well as understand the risks of a transaction service. You will be provided with a copy of the letter for your own records.

You can also contact us directly with any instructions relating to your existing financial products. We will accept instructions from our existing clients via telephone, mail or email.

Documents you may receive

Our initial advice will be provided to you in a financial plan, known as a Statement of Advice (SOA). The financial plan contains a summary of your goals and the strategies and financial products we will recommend to achieve your goals. It also provides you with detailed information about the fees, costs and other benefits we will receive as a result of the advice we have provided.

We will keep a record of any further advice we provide you for seven years. You may request a copy by contacting our office.

You will also receive a Product Disclosure Statement (PDS) if we have recommended you invest in or purchase a financial product. The PDS contains key features of the recommended product, significant benefits, risks and the fees you pay the product provider to professionally manage your investment or insurance.

You should read any warnings contained in your financial plan, the PDS or product guides carefully before making any decision relating to a financial strategy or product.

You can contact your adviser directly with any instructions relating to your financial products.

Our financial planning process

Everyone has different circumstances, needs and goals. We treat every client as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

Identifying where you want to be

We help you identify your financial and lifestyle goals and explain the services we offer to help you achieve them. The type of advice you need could depend on your life stage, the amount of money you want to invest and the complexity of your affairs.

We will help you to identify the range of issues that need to be addressed to meet your goals. You can then decide whether you want our advice to meet a single need or a broad range of issues.

Considering opportunities and risks

Good personal advice starts with having an understanding of your current situation. We take a close look at your current financial situation – assets, debts, income, expenses and insurance, and explore the options you could use to reach your goals.

Bridging the gap

Based on the research we have conducted, we will recommend a strategy to bridge the gap between where you are now and where you want to be.

Bringing your plan to life

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant, solicitor and general insurer so that your strategy is implemented efficiently.

Staying on track with regular ongoing advice

Time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing advice.

We design an ongoing service program to ensure your plan remains up to date as your life changes and so you can obtain the benefits of ongoing reliable advice.

Sometimes, life takes us in unplanned directions. When you need a little extra help on top of our initial or ongoing advice, just ask us to provide you with some additional advice. We are there to help you – whatever the occasion.

Advice fees

The fees charged for our advice services may be based on a combination of:

- A set dollar amount; or
- A percentage of the funds that you invest.

Our advice fees may include charges for the following advice services:

Initial Consultation Fee – There is no fee for the initial consultation. This is an opportunity for us to meet you and to understand your advice needs. It's also an opportunity for you to decide if you would like us to be your trusted financial adviser.

Initial advice - The initial advice fee covers the cost of researching and preparing your financial plan and is based on a set dollar amount.

This will be agreed upon at our initial meeting, but before providing you with advice.

In addition, the initial advice fee will be disclosed in the SOA provided to you.

Ongoing advice – The fee for the ongoing advice service is calculated as either a set dollar amount or a percentage of your investment.

This fee can be up to 1.1% per annum of your total portfolio balance, or may be an agreed set dollar amount.

The ongoing advice fee covers the cost to review the strategies and the products recommended in your SOA. An ongoing review helps you take advantage of opportunities as they become available.

Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you if this fee will increase as a result of CPI.

Before providing you with ongoing advice your adviser will prepare an Ongoing Advice Agreement. This agreement will set out what our ongoing advice will cover, how much it will cost and your payment method.

In addition, the ongoing advice fee will be disclosed in your SOA.

Additional advice – For all other advice, an additional advice fee may be charged based on a set dollar amount. Any additional advice fee will be disclosed in your SOA.

Commission - With this method of payment, our licensee, Advice Evolution Pty Ltd, will receive commission directly from the product provider and is based on a percentage of the funds invested or insurance premium paid. Commissions are deducted from the investment or insurance premium by the product provider so are not paid directly by you. The following are the two commissions categories:

Initial commission – One off commission that is paid at the inception of an insurance policy.

For an investment product this can be up to 5.5% of the amount invested. For an insurance policy this can range from 0% to 88% of initial premium paid.

Ongoing commission – This is part of the product provider's ongoing charges and is paid every year that the investment or insurance policy is retained.

Your advice fees will be calculated at the time we provide you with personal advice. Your SOA will outline the advice fees and any commission inclusive of GST.

Payment Method & Frequency

We offer you the following payment terms:

- Bpay, direct debit (credit card or savings), cheque.
- Deduction from your investment.
- Ongoing advice fees may be deducted as an annual instalment or in monthly or quarterly instalments.
- Ongoing advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or percentage each year. The specific amount will be agreed to by you and outlined in our ongoing advice agreement.

Other benefits LM Wealth Partners may receive

Our licensee, Advice Evolution, currently uses a number of platforms as part of their Approved Product List. As a result of managing investments on those platforms, Advice Evolution receives Volume Bonus payments. This Volume Bonus entitles Advice Evolution to up to 0.2% of the funds managed under the platform. Please note this payment is made by the platform provider and is not an additional cost to you. Not all of the above platforms pay the bonus as it is subject to volume conditions being met. We currently only receive bonus payments on the Colonial First State retail platform.

Advice Evolution also receives bonus payments from some insurance providers. These payments are based on lapse ratios, new business and premiums in force. These payments vary significantly and can be up to 8% of the insurance premiums. Advice Evolution is yet to receive any payment from any insurers.

Advice Evolution, its advisers, or any related bodies do not have any relationships or associations with any product issuer that could be expected to influence the provision of financial services.
